Winners Announced – May 3, 2021

** For organizations willing to apply to this call for expression of interest as a consortium, please submit a single application for the consortium.*

Questions:

Thanks for taking the time to apply

Please answer the following questions. You may answer in English or in French. The questionnaire should take about 30 minutes to complete.

Be as precise as possible. Your answers will help us know more about you and your solution. Don't forget to submit your answers at the end.

1 – Which category are you applying for?

- Upstream hydrogen value chain
- Downstream hydrogen value chain: diversification of services and uses
- Circular economy to strengthen the sustainable promise of hydrogen

2 – Are you applying as a consortium?

- Yes
- No

3 – What is the name of your organization?

(If you are a consortium, please enter the name of your consortium)

4 - Contact Information

(If you are a consortium, please enter the information related to the leading partner)

4a. First and last name

4b. Job title

4c. Email address

4d. Secondary email address – optional

4e. Phone number

5 – Your organization

5a. Please give us a short description of your organization *(if you are a consortium, please specify all entities involved in the consortium and what role they will play in the project)*

5b. Creation date *(if you are a consortium, please enter the information related to the consortium)*

5c. Website URL *(if you are a consortium, for this question and the following of section 5, please enter the information related to the leading partner)*

5d. Organization location - HQ and other global locations

5e. Number of employees

5f. Funding Status: amount, stage, and date of last funding - if applicable

5g. Annual Revenue - if applicable

5h. Please upload the logo of your organization in HD

5i. Please provide the internet links to the latest news of your organization, if any

6 - Your solution / expertise

6a. Please give us a description of your project / solution / expertise (30 lines max)

6b. How would your solution / expertise contribute to the development and use of hydrogen technology in an airport environment? How would your solution / expertise contribute to the decarbonization of airport activities?

6c. How is your solution / expertise different or better than existing alternatives?

6d. Do you have existing clients / partners / examples of relevant realizations?

- Yes
- No

6e. If you answered yes, tell us more about them - how many you have, commercial or pilot, their location

6f. Indicate the certifications, patents, or awards you have received, if applicable

6g. What is the maturity of your solution? (Please indicate TRL from 0 to 9)

6h. How fast will you be able to demonstrate your solution?

- Within 6 months
- Within 18 months
- Within 5 years

6i. What is your business model - if applicable? (For solutions with a high TRL, please include in your slide deck (in section 9) a presentation of your business case that ensures economic viability within the whole value chain, all the way to the final user if relevant)

6j. What human / financial resources can you allocate to the project?

6k. Key expertise / profiles you will involve in the project

6l. Do you process or collect data? If yes, please indicate your data handling policy and if your solution is GDPR compliant

7 - Has your organization ever applied to a hydrogen call for application (Horizon 2020, etc.)? If yes, which one, and what was the outcome?

8 - How did you hear about Hydrogen Hub Airport?

9 - Is there anything else you would like to share with us?

10 - Feel free to upload a short slide deck of your solution (max 15 slides).

The deck can be in English or in French.

Thank you for applying!
